MARGARET RIVER

SAUVIGNON BLANC 2008

COLOUR Pale straw with brilliant clarity.

NOSE Lifted aromas of honeydew melon and pineapples with underlying tones of freshly cut grass.

PALATE A refreshing palate of citrus and stone fruit with lively acidity and a textured mineral finish.

**WINEMAKING
NOTES**

Following an early morning harvest to ensure freshness and quality the fruit is crushed and pressed. The free run juice is given time to settle in 100% stainless steel tanks before being inoculated with a yeast strain that enhances the aromatics and flavours of Sauvignon Blanc. The wine was fermented dry, fined and filtered before bottling.
