## MARGARET RIVER

### Ray Jordan - The Sheraton Wine Dozen Review

#### 2008 Chardonnay

**This is one of the smaller producers from the northern Margaret River area and one of the best. There's depth and concentrated intensity in this very smart Chardonnay.**

**Powerful meal and grapefruit flavours laced with a liberal amount of balanced oak.**

**Palate had a great texture and mouth-feel with acid sustaining the cream stone-fruit palate. A tight and focused Chardonnay displaying how this variety has evolved in recent years.**
